**The Little Ranch with THE Big Genetics**

Dear Limousin Friends,

My how times flies as we approach our 14th annual "Proof Of Progress" production sale. As we celebrate 25 years in the registered Limousin business we realize the friendships and fellow breeders we have met over those years mean the most to us.

We are quick to realize the people that make up the team at P Bar S Ranch are just as valuable as the cattle. We are proud to have Elgin Elmore as general manager along with his very able crew of Derik Frazier and Gus.

The Little Ranch with THE Big Genetics was designed to be a source for some of the finest registered seedstock in the business. We want and desire for each and every client that purchases a PBRs-bred animal to appreciate the many years and resources we have put into the product. Our goal is for these cattle to go into the new buyers herd and enhance their programs in the best way possible. We sincerely hope that as you view this catalog you will appreciate the offering as much as we do.

This year's offering includes the best from our Limousin, Lim-Flex and Red Angus herds. Thank you for joining us and we look forward to working with you.

Sincerely,

*Paul*

Paul Sisemore, P Bar S Ranch
